Safe water and food for life

We lead major projects in Kenya, India and Mozambique, bringing safe water for life to more than 100,000 people who previously spent hours each day collecting polluted water.

We work with *Excellent Development* and local partners to support communities to build over 60 sand dams, providing safe water and the opportunity for them to develop their food sustainability, children's education and their local economies.

About us

We are for communities

People join Rotary for many reasons, including community involvement, personal development, professional networking and camaraderie. But perhaps the most important benefit is the satisfaction Rotarians gain from making a real difference in their community and the world.

We give something back

Rotary brings together people from all walks of life who want to use their expertise for good works; people whose sense of responsibility inspires them to give back to their community. Together we can empower youth, improve health - like the eradication of polio - and promote peace in all corners of the globe.

We make a difference

We make great things happen - whether it's locally, raising funds for vital pieces of equipment or helping the homeless get off the streets of Richmond; taking disadvantaged children for a day out, or encouraging new skills and experiences for young and old alike.

Rotarians also help to save lives around the world by using their skills to respond to man-made and natural disasters and by getting involved in conflict resolution and refugee rights; by using their influence to address child poverty and human trafficking; and by empowering people to improve their lives.

Come and be a part of one of the largest service organisations in the UK.

What we do

We are a small, active and local Club, organising fundraising and social activities throughout the year where all members have the opportunity to volunteer and get involved.

We work with local businesses and other groups to deliver local and global community projects. We run events like Jazz evenings, charity BBQs, charity golf days, health checks, Christmas collections, the Pimms bar at Kew Fair, and participate at Kew Sparkle and the Village Market.
