

Terry Knowles of Harrogate Rotary is the Consultant to RIBI's Environmental Sustainability Group. He asks: Can you help us to try and meet the target of every Rotarian planting a tree in time for Earth Day, April 22nd next year, as requested by RI President Ian Riseley?

Let us know how you get on ... pictures are also welcome!

And a mini update - particularly to rectify confusion over a couple of dates and ensure you have them correctly in your diaries! There are TWO Vintage events being publicised - one in August and one in September. Both look well worth a visit.

regards
Julia
