

The Tea Leaf Trust story

The Tea Leaf Trust in Sri Lanka is teaching Tamil speaking local Tea Estate workers to speak and write in their majority in English and the local language Sinhala . This opens up opportunities for them in many fields.

The course culminates in a Speech Conference where they present a speech in English

Rotary has raised funds for the Trust through barbecues at Nicol End and this year raised £800 with a Car Treasure Hunt followed by a barbecue and auction of promises at The Swinside Inn.
