Members of Millom Rotary Club were pleased to welcome Millom Mayor and her husband together with a number of visitors from Local Clubs. Smartly dressed people enjoyed drinks, a meal and conviviality. A notable event was the awarding of a Paul Harris Fellowship to long serving, and hard working, Bryan Whitaker. A well deserved award! We were treated to a father and daughter double act when Jack Proctor talked about local ecology and iron bloomery furnaces in the context of the landscape. A plastic bin made a memorable appearance as a furnace as Jack directed daughter Emma to pull the bung and let the slag out. Other samples were passed around and the iron ore one was notably heavy. Many thanks to the Clocktower for their hospitality and good organisation.
Sandside Event

We could not have had a more perfect day for the official opening of Sandside School Ulverston. It was one of the hottest September days on record. Volunteers from Millom went to help with the proceedings, which had been, meticulously, organised by Ulverston Rotary. The building itself had seemed to grow, mushroom-like, as the last time I visited it was just getting out of the footings. The number of facilities 'in house' was amazing, and included the much fought for swimming pool. There were about thirty stalls in all varying from 'Splat the Rat' to tea and sandwiches and even, a Hot Dog stand. They had, for live entertainment,' THE REAL ELVIS 'Who sang songs from his repertoire that were' before my time' Hmmm !!

I have to compliment the energy expended in the preparation of the whole day by Ulverston backed by, not far off eighty, Rotary members from district 1190. Our contingent was Gil Scurrah, Keith Nixon and David Webb.

This was well worth the effort from all and such a worthy cause. I will await the results of amounts of cash raised but I would think that it would be considerable.

DAVID WEBB (helper)

Sporting event at The Hollows

The determined few gathered at The Hollows determined to hit something clay-like. Tony and David did rather well scoring at least 4/20 while Gilbert showed off by hitting only the broken half of one clay demonstrating amazing accuracy!

Chef David prepared lovely food with the help of his lovely helpers. There was chicken in a minty cream sauce and a pie for those with appetites! The event was favoured with fair weather and bonhomie.

Many thanks David!

If you are unable to get to a Rotary meeting.

In the first instance please let Carole Pogrel know. 01229 773144 or carolepogrel@hotmail.com
After 10-00am on Wednesday please ring Brockwood direct to cancel your meal on 01229 772329
If you need to contact members; login at ‘Members login’; go to ‘Contact and search’ then ‘Club members’.

The Four Way Test.
1.  Is it the TRUTH?
2.  Is it FAIR to all concerned?
3.  Will it build GOODWILL and BETTER FRIENDSHIPS?
4.  Will it be BENEFICIAL to all concerned?

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:
• First.  The development of acquaintance as an opportunity for service;
• Second. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian’s occupation as an opportunity to serve society.
• Third. The application of the ideal of service in each Rotarian’s personal, business and community life.
• Fourth. The advancement of international understanding, goodwill and peace through a world fellowship of business and professional persons united in the ideal of service.
