

Iain Ross

PAUL HARRIS FELLOW

Iain joined Rotary during early 2011 and has been a Council Member ever since. He was appointed to the position of Administration Convenor during the two year period, 2012-14, when he also held down the positions of JVP and SVP at the same time. He took his duties as a Convenor very seriously and the Club enjoyed a truly active social programme over that time, with a number of new initiatives introduced.

Under his Club Presidency, in 2014-15, the Club prospered, not only in raising the princely fundraising sum of over £30,000 but also engendering a spirit and drive in the Club which became well known in District 1010, where he was an active participant at District meetings.

Many Past Presidents prefer to take less demanding future roles in the early period after Presidency, but not Iain. In 2016, he was appointed to the position of Community Services, International and Foundation Convenor, a role which he fulfilled with vigour and dynamism for 3 years until mid 2019. During his tenure, Iain, supported by his Committee, established an in-depth knowledge of all main local charities, building relationships with them, the foundation of which still exists to this present day. He injected new ideas to provide hands-on help eg participation in the Dundee Noise, Midnight at the Zoo, Christmas Party at Menzieshill etc. On the International front, the Club donated the most of any UK Rotary Club to the Zambia Water Project, followed by successive championing to support the Kandy limb and eye projects with Robert Burns.

During this year, the first year when he has not held an official or convenor's role, Iain has played a key part in the activities of the Community Services Committee, a recent example of which can be seen in the paper circulated by him, proposing the distribution of current funds to local charities.

Iain typifies all the characteristics of an exemplary Rotarian. He is highly active, unbelievably enthusiastic, very positive and can always be relied on to deliver excellence in whatever he does. He supports all Club activities to the full and is a key organiser of projects and events. He has great integrity, exhibiting high moral standards and, above all, is a team player with a great sense of humour, liked and respected by all.

Ivor Morton

PAUL HARRIS FELLOW

'I first met Ivor over 40 years ago when he was a young Pharmacist employed as a trainee manager with Boots in Dundee. We persuaded him to join Tayside Round Table and he became a super member of Table. My great memory of that time was Ivor's vocational talk which was the most hilarious we had ever heard.

In the Boots organisation Ivor went from strength to strength, making the main Board of Boots and when they were eventually taken over in the new century, Ivor joined big overseas retail organisations and reached the top there!

My first realisation that Ivor was back in Dundee was getting an invitation from Margot and Ivor to their 40th Wedding Anniversary party, which because of May being in hospital, we were unable to attend. At a 41 Club event around then, I was able, with Malcolm, to invite him to attend a Claverhouse Meeting and the rest is history'.

Don Meekison

Ivor joined the Club in 2013 and was subjected to a meteoric rise to fame! He became Service Projects (Fundraising) Convenor and JVP in the following year – 2014.

When he took over as President in 2016-17, Ivor set four Key Goals for his year in office:

- Create a Legacy for Future Generations
- Broadcast the Claverhouse Brand
- Inspire and Engage our Current Members
- Make a Difference to Local and International Communities

In his Presidential Year, Ivor demonstrated great leadership and expertise, with immense and infectious enthusiasm, passion, friendliness and good humour, determination and drive, and through his direction the Club achieved all of these set objectives and more!

The Club went from strength to strength and achieved great results at the Cyclathon, the Food and Flower Festival, the Car Boot Sale at Errol, the Twin Peak Walk, the Zambian Water Project, to name but a few. He left a prodigious legacy through his steering of the club during

his Presidential tenure – and typical of Ivor – he has continued to work tirelessly and successfully at committee level in the years which followed.

From 2018 until present, Ivor has successfully undertaken the role of Marketing and Communications Convenor and in Her Majesty's recent Christmas Speech terminology, he demonstrates an 'indomitable spirit', especially in his dealings with the Media. For example, our recent Dundee Cyclathon received more coverage than the 'Tour de France' does nationally – thanks to Ivor's persistence! Ivor really does 'Broadcast the Claverhouse Brand' – through a dynamic and compelling Marketing and Communications Programme – intrinsically linked to the duties of the Fundraising Committee.

Ivor displays all of the attributes worthy of this Award which is made on behalf of all members of the Rotary Club of Claverhouse.

THE HIGHEST DISTINCTION OF ROTARY ACHIEVEMENT
