This is a team relay event It involves a team [4-6] swimming continuously one at a time. Some swim two lengths, all we ask is that the inexperienced do not exceed their capability. The whole reason for the day is to raise **SPONSORSHIP So Please ensure** that all your team collect as much as they can - 50% comes to your Charity & 50% to Rotary for local community charities.

The average team swims 60 - 80 lengths each in 45 minutes

Please do support our fund-raising challenge and have **'A Whale of a time' !!**

Closing Date for entry - as soon as you have a part team or 2nd March

If you are short of swimmers we can help you make up your team
