

Rotary Excitement of Science for Schools

This is an annual event when pupils from local secondary schools are invited to attend a lecture at Manchester University hosted by a leading academic.

As you can see below last years topic was on the development and application of “Robots” given by Professor Danielle George>

The topic for the 2019 event has yet to be chosen but is likely to take place in February 2019. For [more information email here.](#)

The Rotary Excitement of Science Lecture for Schools
hosted by Manchester University.
Wed., 28th February 2018 at 1.30 – 3.15pm.

Robots are coming

**Professor Danielle
George**
