

The Rotary Club of Battersea Park Trust Fund will donate the proceeds from the sale of these cards - illustrated by Rotarian Michael Warren - to support Rotary International's programme of polio eradication throughout the world.

It costs just 20p to immunise a child, plus with the 2-to-1 donation matching scheme from the Bill & Melinda Gates Foundation, a £1 donation will become £3. This means 15 children can be protected for life.

Polio has no cure, which means immunisation programmes are essential to prevent children from contracting this disease. Until polio is eradicated completely children everywhere are at risk.

For more information: www.endpolio.org

£2.50 each
£10 for 5 cards

The illustrations depict Rotarians organising village children ready for their polio vaccine - two drops on the tongue of children under five years of age.
