Rotary Young Photographer Competition

Dear Name / Post Title

I would like to introduce the Rotary Young Photographer Competition to you and to invite your students / cadets / members to enter our local heat, which is being organised by me.

With instant results, the digital camera has revolutionised photography, ending the concept that the camera never lies. As a talent and art form, Rotary celebrates the photographic skills of thousands of young people with a sequence of competitions that give them the chance to demonstrate and display what they have been able to produce.

There are 3 age groups in the competition (7-10, 11-13 and 14-17, as on 31 Aug 19) and entrants are required to produce a portfolio of 3 photographs based on the theme "Through My Eyes". The winners of our local heat will be submitted to our district competition covering Devon and Cornwall, and the best entries in that competition will be forwarded to compete nationally.

Entrance is free and certificates will be awarded to everyone participating. Prizes will be awarded to the winners at each level of the competition, with the district level winners being invited to a photographic workshop in North Cornwall with Ross Hoddinott on Friday 13th March 2020 (this date is fixed and the prize is not transferable).

Full details of the competition and entry forms are attached, but please feel free to contact me if you would like any more information. Indeed, I would be delighted to come along to a school assembly / club meeting if you would like me to introduce the competition directly to your students / cadets / members. All entries must be with me by no later than 10th January 2020.

Yours in Rotary
